TRAY; ENAMEL ON COPPER

CHINA, CANTON, C.1740

H: 3.8 CM; L: 74 CM; W: 46 CM

The tray was made in Canton for the supercargo Hans Christian Ølgod. The motif on the front – the Holmsted family tree – must have been conceived by Ølgod himself. After Ølgod returned home, it was presented to his employer, Frederik Holmsted, co-founder and director of the Danish Asiatic Company.
